THE HONORABLE MINISTER

MINISTRY OF ENERGY AND GREEN TRANSITION

ACCRA, GHANA

Dear Sir,

REQUEST FOR EXTENSION OF ELECTRICITY TO DEPRIVED COMMUNITIES IN THE WULENSI CONSTITUENCY

I write to request for extension of electricity to these deprived communities in Nanumba South District in my constituency since we attained independence.

There is no electricity in 62 (sixty-two) communities and has contributed to teachers and health workers refusing posting to those communities within my constituency, which has greatly affected effective learning and good health delivery in the constituency.

Another problem with this '**no electricity**' syndrome; has forced many of the indigens to move to Accra to look for jobs and other greener pastures affecting development.

It is very obvious that this "**electricity**" problem if not solved, will deprive the youth of studying new trade and vocations such as hairdressing, welding etc.

I will therefore highly appreciate this gesture of approving the urgent supply of electricity to the areas that are deprived of same.

Please find the attached, the list of communities within the Wulensi Constituency without electricity.

Submitted for your urgent action, please.

Yours faithfully,

Hon Stanley Yaw Nandaya

Dir Pwr
Add to the list for the region.
